

# Seamless Interoperability for Healthcare

## The Challenge: Disconnected Systems, Disjointed Care

When EHRs, PMS, labs, billing, and payment systems don't talk to each other, practices face:

### Data Silos

Manual entry, duplicate records, and wasted time

### Compliance Risks

Improper connections expose HIPAA vulnerabilities

### Limited Connectivity

Fragmented workflows & slower decision-making

### Patient Experience Gaps

Delays in scheduling, billing, and access to care

## The Solution: CERTIFY Interoperability

CERTIFY Health connects your ecosystem with trusted bidirectional integrations across:

### EHR & EMR Systems

Epic, Cerner, MEDITECH, Greenway, eClinicalWorks, Open Dental, Dentrix

### Practice Management

AdvancedMD, Athenahealth, NextGen, Greenway

### Labs & Diagnostics

Veradigm Connect and other diagnostic platforms

### Payments

Secure billing & collections through UnityPay

### Custom Integrations
