

# Revenue Cycle Management (RCM) & Patient Payment Solutions

Faster Payments, Fewer Denials, Happier Patients

## Disconnected Revenue Workflows are Costing Your Practice More than You Realize

### Revenue Leakage

Coding & billing problems hold up cashflow

### Verification Errors

Denied claims, delayed payments

### Manual Billing

Increases risks of mistakes & accurate documentation

### Patient satisfaction

Confusing bills & limited payment options

### Staff Burden

Front desk staff drown in manual tasks
